VIRTUAL AND PHYSICAL CARDS

Not every employee has the means to cover business expenses. And using centralized corporate cards create more risk than reward. Certify offers Emburse Cards so employees can make approved purchases that automatically link back to Certify Expense—without having to reach for their own.

NON-EMPLOYEE EXPENSE MANAGEMENT

Certify leverages Abacus Reach to help non-employees manage their expenses. With robust policy controls and approval workflows, your job candidates, external consultants, and contractors can easily submit expenses and get reimbursed—fast.

DOMESTIC AND INTERNATIONAL PAYMENTS

Certify Payments offers electronic, direct-to-bank or printed check payments in more than 100 currencies. Organizations of all sizes can seamlessly reimburse employees and pay vendors efficiently around the world with a complete audit trail for every transaction.
